REYNOLDSVILLE WOOLEN MILL.

Cut was made before new addition was built on.

REYNOLDSVILLE WOOLEN MILL.

Equipped for Turning Out Fine Work—Employs Seventy-five Hands.

Perhaps many of our citizens are not aware of the fact that great improvements have been made in the Reynoldsville Woolen Co. plant at this place during the past year. It is one of the important industries of the town, giving employment to about seventy-five persons at present. A large two-story brick addition was built to the mill this year and if the business continues to increase it will be necessary to build another addition to the plant. Some parts of the mill is run at night now to fill orders. A pants and a shirt department, now in operation, is a new feature at this plant. Ten sewing machines were set in running order last week for the pants and shirt department, and four new looms for doing fine work have been put in the mill recently. During the past year quite a number of the latest improved machines have been put in the mill until it is now the best equipped mill for doing fine work in this section of the country. The mill has made such a big hit in New York City on ladies' and gents' suitings that it cannot begin to supply the orders received for that line of goods. New York houses send their agents here to buy the goods. As high as \$1,000.00 worth of goods have been shipped to a New York house in one week—spot cash.

A few years ago this mill made a specialty of flannels, blankets, yarns, &c., and while that line of goods is still

made, it is not a specialty by long odds. A specialty is now made of a finer line of goods, such as ladies' and gents' suitings, skirts, double-faced storm skirting, hosiery of all kinds, shirts, pants, &c. The plant is not only a credit to the town, but it is an industry that is felt in the financial affairs of the town. The plant is owned by the Reynoldsville Woolen Co., Hon. S. B. Elliott is president of Co., Dr. S. Reynolds vice-president, John H. Kaucher treasurer, F. H. Beck secretary, and W. J. Weaver general book-keeper. L. W. Hoyek, who is an expert in making fine goods, is superintendent of the plant, Thos. L. Mitchell is cutter in the pants and shirt department, William Dickenson is boss knitter, F. C. Wilson is boss finisher, Andy Greezyhak is boss weaver, John W. Gibson is boss carder. The cut of the mill, which will be found in this issue, was made before the large two story brick addition was built, and consequently the picture does not show the plant as it now is.

To Save Her Child

From frightful disfigurement Mrs. Nannie Gallagher, of LaGrange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in sores, bruises, skin eruptions, cuts, burns, scalds and piles. 25c. Cure guaranteed by H. Alex. Stoke, druggist.

Are you going to the Pan-American? If so we have the greatest line of trunks, grips and telescopes in town. Scott McClelland.

Bostock, the Animal King.

Undoubtedly the greatest attraction of the entire Pan-American Exposition is that of the great Bostock Wild Animal Arena; it is truly one of the marvels of the twentieth century. The wonderful feats of wild animal subjugation shown there are nothing short of miraculous. As one passes into the auditorium of the massive structure wherein nearly a thousand specimens of the denizens of forest and plain, jungle and mountain are caged, one imagines himself transported suddenly into a symposium consisting of every latitude of the world. Here he finds represented every animal from the friendly dog and timid squirrel to the ferocious lion and man-eating tiger.

Unlike most travelling menageries, the animals in the Bostock Show are in perfect condition. No scrawny, ill-kept beasts are there. All are worthy representatives of their specie. Owing to a new and powerful disinfectant used in the auditorium, no offensive odor, generally so noticeable where there is a collection of animals, is to be found.

Probably the most wonderful of the many wonderful performances given in the massive steel arena (which, by the way, is 70 feet in diameter) is that of Captain Bonavita, who enters this steel barred stage with 25 full grown forest bred male African lions, and puts them through a series of groupings and feats that are awe-inspiring and thrilling to an extreme. This act is conceded by all who have been so fortunate as to see it, to be the acme of lion training, far surpassing and surpassing anything of the kind ever before attempted.

One notable feature about the Bostock show is that one price of admission admits the visitor to the entire exhibition. There are no after charges, so annoying to the patrons of the Midway. Mr. Bostock is to be congratulated on this "just" arrangement.

ASTOUNDED THE EDITOR.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, loss of appetite, stomach and liver troubles it's a positive, guaranteed cure. Only 50c. at H. Alex. Stoke's.

HARVEST CELEBRATION.

The Salvation Army Makes its Annual Call for Donations for the Relief of the Poor.

Again the above festival is celebrated in our midst. No matter the season, The Salvation Army is ever on the alert to enlist a generous public in its behalf. Sometimes they plead for the suffering entailed on the poor by the severity of the cold weather, and sometimes for the often worse misery experienced through the heat. Then it is the cheap coal wagon making its rounds amongst the city alleys and courts, now the penny ice wagon brings new hope and even life to the exhausted denizens of the crowded tenement houses. Fresh air camps for the mothers and their children, river and country excursions form a good part of the summer program. No matter what the special need may be, the sympathetic workers of The Salvation Army know no personal enjoyment until they have done their best to cope with the same.

The officers in charge will gratefully accept any gift of food, furniture, clothing, agricultural implements, live stock, and in fact anything and everything of a salable character, as by a special arrangement they are able to dispose of any unsold articles to the nearest Salvation Army large centre, for the benefit of the various large Army institutions within their territory. Gifts of money will also be hailed with thanks.

We append a full list of articles asked for: Fruit, flowers, canned goods, vegetables, fish, meat, chickens, live stock, corn, flour, wheat, oatmeal, condensed milk, bread, crackers, cheese, tea, coffee, cocoa, books, pictures, jewelry, shoes, coal, wood, lumber, shingles, chairs, sheets, blankets, cutlery, tools, furniture (new or used,) clothing (new or second hand.)

The Harvest Festival Effort is especially for the benefit of the home work, the rapid development of which will be seen at a glance from the accompanying figures:

732 corps and outposts, 2,088 officers and employees, 45,000 annual conversions, 93,000 weekly circulation in English, German, Scandinavian and Chinese, 195 Social Relief institutions, 546 social officers and employees in charge, \$23,000 annually spent in Poor Relief, 8,000 nightly accommodations for the poor, 2,500,000 beds annual accommodation, 69 workmen's hotels, 6 women's hotels, 24 food depots, 24 industrial homes for the unemployed, 3 farm colonies, 3,000 acres colonized, 320 colonists, 5 employment bureaux, 13 secondhand stores, 20 rescue homes for fallen women, accommodating 450 persons, 1,400 fallen women cared for each year, 24 slum settlements, with 80 officers in charge. A gold medal was awarded at the Paris Exposition for the United States Exhibit of the Salvation Army operations among the poor. The dates of the festival are September 7 to September 10.

Good Advice.

The most miserable beings in the world are those suffering from dyspepsia and liver complaints. More than seventy per cent of the people in the United States are affected with these two diseases and their effects: such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the heart, Heartburn, Waterbrash, Gnawing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the mouth. Coming up of Food after Eating, Low Spirits, etc. Go to Druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. For sale by H. Alex. Stoke. Get Green's Almanac.

Excursion to the Fair.
